***Jassm Studyday
2010***

***"The importance of
process auditing for
CDU Technicians"***

20th February 2010

9.30am—4pm

Dublin Dental School & Hospital

Studyday 2010

The 2010 IASSM Studyday is designed to continue to meet the growing challenges posed by personnel working in decontamination units in hospitals. There have been significant developments in sterile services including the launch of the HSE E self assessment audit tool in September 2009. Decontamination assessment is now built into the framework for quality process across the decontamination cycle and is the responsibility of all personnel working in the CDU. This year's studyday is designed to build the tools required for Technicians to lead to a successful audit of their Department

***** Lunch included*****

Closing Date for registration (with full payment)
is :

Friday 12th February 2009
